Hi Jayne

Both Neil and I will be in an EQC meeting for the toxic chemical water quality standards at the time of this conference call.

Don Yon and Zach Loboy will be able to participate in the June 16th CZARA conference call for DEQ.

Please include them on the email for the conference call set-up

thanks
Gene

Hi Gene,

I noticed that you and Neil are not able to participate in the June 16 (10-12) Conference Call on CZARA Remaining Conditions with NOAA/EPA. Can Don Yon represent you and ODEQ or is there someone else I should invite?

Also I noticed the following items were due either in late May or today: Implementation Ready TMDL Schedule and Process (June 1) and Final Draft Guidance (TMDL Implementation Guidelines for the Coastal Nonpoint Program management area that incorporate the new development management measure requirements or practices consistent with the new development measure)(May 23). Are these documents available for distribution and discussion at the June meeting?

On your email dated May 4, you had planned to check into our 4B authorities with Larry. What did you find out?

Cheers,

Jayne

Attached is our current schedule for the CZARA work items.

These were discussed with EPA, NOAA, and DLCD during a conference call in mid-April. We have another conference call with EPA on CZARA in mid-June

Neil and Gene,

Has DEQ prepared and provided to EPA a document that includes the proposed schedule for implementing the Oregon Coastal TMDL approach?

According to the settlement, it was due March 31. If so, could you provide it to me?

Likewise, there was a Jan. 31st deadline for additional detail on the approach. Could I obtain that as well?

Thank you,

Nina
